Forecast for Saturday 05 Nov 2022

Weather: A mainly dry night with clear spells. Turning cloudy with outbreaks of rain spreading from the southwest by or soon after dawn, preceded by sleet above 1100m. The odd heavier outbreak before turning light and patchy by mid afternoon then turning much clearer with some late sunshine then clear spells in the evening.

Chance of cloud-free hill tops above 800m: 70% early hours falling 10% in morning then rising 75% from late afternoon.

Low Cloud and visibility: Clear start over far north, otherwise extensive low cloud at 500-800m with patches to 300m over southeastern aspects and poor visibility in rain, becoming well broken and lifting to 900m from mid afternoon.
